PROFESSIONAL SUMMARY

PMP-certified Project Manager with 5+ years of experience steering complex cross-departmental initiatives from conception to execution. Expert in Scrum/Agile frameworks, strategic allocation of resources, and precise risk mitigation. Highly recognized for optimization techniques that complete production cycles within tight timelines and budgets.

KEY COMPETENCIES

Methodologies: Agile, Scrum, Kanban, Waterfall, SDLC Management

Tools & Frameworks: Jira, Confluence, Asana, MS Project, Slack Enterprise

Leadership: Resource Allocation, Stakeholder Communication, Risk Matrix Planning, Cross-functional Management

PROFESSIONAL EXPERIENCE

Project Manager | CloudScale Software Dynamics

Jan 2023 – Present | Seattle, WA

- Direct 3 geographically distributed engineering scrum squads executing high-priority software rollouts for financial enterprise clients.
- Successfully implemented an updated Jira ticketing framework, increasing sprint velocity metrics by 22% and improving clarity on blockages.
- Managed a project portfolio budget exceeding \$1.2M, maintaining accurate resource forecasting models that prevented structural budget overruns.

Associate Project Manager | Nexus Media Tech

Nov 2020 – Dec 2022 | Denver, CO

- Coordinated daily standups, sprint grooming sessions, and post-sprint retro boards for product and infrastructure engineering pipelines.
- Acts as central point of communication between technical development staff and internal product marketing managers, eliminating communication friction.
- Authored detailed project definition logs and sprint tracking metrics, reducing cross-department scope creep by 15%.
